If your body could talk, what would it say about breathing in someone else's smoke?

BE TOBACCO-FREE!

Activity sheet provided by the
Utah Department of Health

The Tobacco Industry spends \$6 billion a year in advertising to young people, because they want you to believe that using tobacco will make you healthy, good-looking, and popular.

IN THIS T.V.: Draw a picture of a T.V. advertisement. Show what really happens when you use tobacco
