WHAT CHAPTER ADVISORS ARE SAYING

My kids absolutely love the activities they are able to do for their peers through Project Prevent. They are learning so many important leadership skills. I've seen real growth as they've stepped up to facilitate and make decisions.

While we are a newer chapter, the opportunities provided by Project Prevent have been wonderful for all of my students. I, as the faculty advisor, have also appreciated learning more and all of the opportunities presented via Project Prevent.

WHAT PROJECT PREVENT YOUTH ARE SAYING

Project Prevent it's always fun and exciting!
I enjoy being apart of the Project Prevent Youth Coalition community :)

I had no idea about the fun of Project Prevent before this, and I had so much fun that I am now joining my school's chapter!

READY SET RECORD FILM FESTIVAL

I am always very impressed with the organization of this event. The thing I appreciate the most is how the kid's work is celebrated. A lot of these kids put in a lot of serious work and I appreciate the way you recognize it.

ANNUAL CONFERENCE

(What was your favorite part of the day?)
Seeing my students engaged...they were actively involved and learning how to be leaders on our campus.
